#### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## **DETAILED ACTION**

### ***Reissue Applications***

1. In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 1-19 and 22-33 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

“Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant.”

2. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414.

The errors listed in the specification are not specific enough. Specific limitations must be referred to in the declaration in the form of specific claim language. Specific changes or amendments to the claims must be identified. The differences between new claims and the original claims must be pointed out. See MPEP 1414.

### ***Response to Arguments***

3. Applicant's arguments filed 7/14/04 have been fully considered but they are not persuasive.

Art Unit: 3616

In response to applicant's arguments on pages 1-2 of the 7/14/04 amendment that the Reissue Declaration already contains a statement that the errors being corrected arose without Any deceptive intent (see paragraph 1 above), the paragraph above is actually referring to the forthcoming Declaration (i.e., the Declaration filed in response to this Office Action should also contain the statement that "Every error in the patent...arose without any deceptive intention...").

In response to the applicant's argument on pages 2-3 of the 7/14/04 amendment that the Declaration already in the application lists at least one error being corrected in a specific manner, this is not persuasive because merely stating that some of the previously allowed claims contain recitations concerning a stabilizer apparatus that are too limiting and unnecessary in view of the prior art does not meet the requirements above that specific limitations must be referred to in the declaration in the form of specific claim language and that specific changes or amendments to the claims must be identified (i.e., when the declaration states "Claims 20 through 33 of the attached reissue application have limitations similar to those of claim 18, but define the invention with greater breadth", this does not state what specific limitations in which of claims 20-33 have been amended; in fact, it is noted that claims 20-21 have now been canceled). Similarly, pointing out in the remarks recitations regarding the stabilizer apparatus in the '119 patent (pages 2-3 of the 7/14/04 amendment) does not meet the requirement that the reissue declaration point out the specific change, and while MPEP 1414 II(B) states that the Applicant need only specify at least one error, MPEP 1414 II states that any error in the claims must be identified by reference to the specific claim(s) and the specific claim language wherein lies the error.

***Conclusion***

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric D Culbreth whose telephone number is 703/308-0360. The examiner can normally be reached on Monday-Thursday, 9:30-7:00 alternate Fridays off.
